Public Safety Indonesia Conference Expo 2019: "Strengthening Through Collaboration"

SPEAKERS PROFILE

Setiaji

Head of Management Unit
Jakarta Smart City
Capital City of Jakarta

Mr. Setiaji current position is head of Jakarta Smart City Management Unit. The unit works under Communication, Information and Statistics Department of Jakarta Capital City Government. His unit has accountability to provide updated information about Jakarta and he is managing information through Jakarta's official portals (jakarta.go.id and smartcity.jakarta.go.id). He is also succeeded to build Jakarta Smart City team and develop Jakarta Smart City Lounge facility.

During his administration, the unit has developed several programs and initiatives such as: the development of Jakarta Smart City online portal as integrated platform for various local government information, Citizen Relation Management to aggregate citizen aspiration through several digital channels, Big Data Project to gather and analyse data to help policy making, and the assessment or bike-sharing implementation in Jakarta.

Through his leadership Jakarta Smart City has achieved several international and national awards: GovInsider Innovation Awards 2016 Best Team Under 35, Top 99 Innovation for Public Service 2016, Silver Award for Open City Category on 3rd WeGo Smart Sustainable Award 2017, and GovInsider Innovation Awards 2018 Best Team Under 35. He is also awarded as Marketeer of the Year for Government Sectoral 2016 and iCIO Award 2018 as the Most Intelligent CIO.

SPEAKERS PROFILE

Augustine Chiew Global Senior Public Safety Expert Enterprise Business Group Huawei Technologies Co., Ltd

A firm believer in the power of information, networking, collaboration and leveraging technology as an enabler, Mr. Chiew is a Global Senior Public Safety Expert in Huawei. He advocates a holistic integrated approach for public safety through capitalizing on the opportunities brought about by digital disruptions. Prior to joining Huawei, Mr. Chiew spent 17 years in the Singapore Police Force (including two stints in the Singapore Ministry of Home Affairs) and 3.5 years as a consulting executive in a leading global firm that provides strategy, consulting, digital, technology and operations services. Mr. Chiew was also active in international cooperation and collaboration, working closely with many international police forces and law enforcement agencies. He was the Vice-Chairman of the INTERPOL Global Complex for Innovation Working Group (2012-13) and the Chairman of the INTERPOL Expert Group on Cybercrime (2012-13).

During his time in Policing, Mr. Chiew was involved various activity from criminal investigation, crisis operation, to strategic planning and international cooperation. Mr. Chiew was also involved in multi-disciplinary project teams looking at public safety transformation including the deployment of operational and technical systems covering command and control, communications, video surveillance and data analytics. Mr. Chiew was instrumental in seeding the growth of the regional safety & security ecosystem, working closely with the Singapore Economic Development Board to bring leading global public safety companies to Singapore. Through the Singapore Safety & Security Testbed initiative, these companies were able to showcase the deployment of leading safe city technologies and solutions to support public safety operations more effectively and efficiently.

In Consulting, Mr. Chiew operated at the intersection of technology and public safety. He contributed to public safety assets development and undertook lead roles in projects looking at transformation and modernization of police and border management.

Based in China, Mr. Chiew is currently Huawei's Public Safety Lead for APAC. With his deep policing experience and understanding of public safety workflows and processes, Mr. Chiew has worked closely with governments to deploy Safe City Solutions such as Command Center, Critical Communication, Video Surveillance, Traffic Management, etc. throughout the region. These include Singapore, Indonesia, Philippines, Thailand and Hong Kong amongst others. Mr. Chiew is always on the lookout for good solution partners and system integrators to work with, to achieve the aim of building a business-driven ecosystem that meet the needs of Huawei's customers so as to ensure efficient implementation and delivery of effective end-to-end public safety solutions.

Public Safety Indonesia Conference Expo 2019: "Strengthening Through Collaboration"

SPEAKERS PROFILE

Peter Ship, LLB (Hons.), M.Sc. Principle Industry Consultant SAS Public Security, APAC

Peter heads the SAS Law Enforcement and Intelligence and Investigations Practice for APAC.

Over the past 10 years, Peter has worked with a number of Police Forces and Intelligence Agencies across the world, helping them to develop and maximise their intelligence systems and providing him with unique view of Best Practise in Managing Intelligence and Investigations.
